
2012 – Christine’s Flavor Tip (:60)

A TIP FROM A FORMER SMOKER

Christine’s Voice:

I’m Christine. I’m here to give you a tip on how to eat if smoking gives you oral cancer and you have to have your jaw removed, like I did. Since chewing is kind of difficult without a jaw, and if you’re like me, without any teeth too, you’ll be on a liquid diet.

SFX:

SHAKING CAN OF FORMULA

Christine’s Voice:

Okay, I’m pouring it into my feeding bag. In case you’re wondering, it looks pretty much like how it sounds.

SFX:

LIQUID SLOPPING INTO PLASTIC BAG

Christine’s Voice:

Here we go, that sound you’re hearing is the sound of your dinner from now on, *and* your lunch, *and* your breakfast.

SFX:

MACHINE PRIMING

Christine's Voice:

My tip for you is, don't get too hung up on choosing the flavor of your liquid diet. They all really taste the same once you put them in your feeding tube.

SFX:

MACHINE GRINDING, RESTING, THEN GRINDING SOME MORE. UP AND UNDER.

Announcer:

Smoking causes immediate damage to your body.
